Subject: FW: Banks Wine & Spirits Fee-In-Lieu

Jeff,

Please see email below. DNREC has finally accepted the fee-in-lieu shortfall number, which come out to \$27,980.00. You can either send the check to our dover office (att: Jon Falkowski) or to Randy (DNREC) directly, whatever works best for you and the owner. Check should be made payable to "Division of Watershed Stewardship".

I believe once DNREC has the check and notifies SCD, SCD approval will follow shortly after.

Thanks Ryan

Subject: Banks Wine & Spirits Fee-In-Lieu

Ryan,

Sussex Conservation District forwarded your request to use the fee-in-lieu option under the 2019 Delaware Sediment & Stormwater Regulations for Rpv compliance for the Banks Wine & Spirits project. I have reviewed the supporting documentation and determined it is adequate to support a fee-in-lieu based on a shortfall of 1,399 CF of runoff. Please advise the project owner to forward a check to my attention at the address below in the amount of \$27,980.00 made payable to "Div. of Watershed Stewardship". Once we have verified receipt of the fee-in-lieu we will contact SCD to let them know the project has met the Rpv requirements using this option. If you have any questions in the meantime, please let me know.

Randy Greer, P.E.
