Approval #20W181 REV 1

Re: Millville Square

Dear Mr. Palmer:

The Division of Public Health Office of Engineering has reviewed the revised water plans for Millville Square submitted by Beacon Engineering, LLC. The plans consist of:

1. Two sets of plans entitled, "Millville Square" dated July 20, 2020 and revised April 15, 2021.

These plans will accompany the previous plans, Approval to Construct # 20W181. The Approval to Construct number, 20W181, and conditions dated November 24, 2020 will remain the same. The approval is void if construction has not started by July 12, 2022. Thank you for bringing the changes to our attention.

One set of as-built drawings, including profile markups, must be submitted with satisfactory bacteriological results before an Approval to Operate will be issued. Please do not hesitate to contact me at (302) 741-8646 with questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. Milliken, Jr." with a stylized flourish at the end.

William J. Milliken, Jr.  
Engineer III  
Office of Engineering
