

TOWN MANAGER'S REPORT November 2023

Town Projects Status

Millville Zip Code: Last week, I was contacted by the USPS individuals who are working on the Millville zip code issue. Apparently, they as well are having some difficulty reviewing the zip code boundary maps, Millville boundary maps, and Sussex County maps. They requested the mailing addresses and parcels numbers of the properties in question. I just received MBTS (2) of the West Villages and am waiting on Sussex County to send me Parkside and Tupelo Sands.

Stormwater Pond and Dukes Drive: Eric Evans, Code & Building Official, will be coming before the Town Council at their regular meeting on January 9, 2024 to discuss both pond and Dukes Drive acquisitions.

FY23 Audit: The audit is ready for the Town Council's review; however, Mr. Herb Geary was not available to present in the month of December. It is Mr. Geary's intention to present on January 9, 2024.

Attached are the following reports:

1. Code & Building Department
2. Evans Park Report
3. DSP Crime Report
4. MVFC Report

Respectfully submitted,
Deborah Botchie
Town Manager
