Please be advised that the Mayor and Council of the Town of Millville updated Chapter 90-Licenses in relationship to Parking Requirements and Information Provision. These changes were made following consideration and discussions at a Town Council Meeting of ways to address complaints related to overcrowding and disruptive actions at some rental homes.

The new Ordinance changes are more specifically as follows:

**New Section 90-20 Residential rental requirements:**

**A. The property owner shall use reasonable business practices to ensure that the occupants and guests of a residential rental complies will all applicable codes concerning fire, building, health and safety, zoning, and all other relevant laws.**

**B. The overnight occupancy of a residential rental shall not exceed the sum of two persons per bedroom plus an additional two persons. Children under the age of six years shall not be counted towards the overall number of occupants.**

**C. The property owner shall use reasonable business practices to ensure that the occupants and guests of the residential rental do not create unreasonable noise disturbances, engage in disorderly conduct, or violate provisions of the Code or any applicable law of the State of Delaware.**

**D. The property owner shall limit their rental occupants to one (1) motor vehicle parking space (not to include a recreational vehicle) unless the community's Homeowner's Association allows for residents and property owners to park on their community streets, for each bedroom as shown in the property records of the Town, with all off street parking available to the rental property utilized first. The property owner shall include the parking limitations set forth in this Section in any rental agreement and all other communications with tenants.**

**E. The property owner shall provide adequate waste and recycle services.**

Applicants are required to submit the following at the time of each annual Residential Rental License Application:

- 1. For seasonal/vacation rentals, a copy of the blank rental property lease agreement that owner intends to utilize for the application year which clearly states the limit of one motor vehicle parking space per bedroom and where applicable, the number of off-street spaces available to the rental property.**
- 2. The proposed location of parking for rental tenants will be noted on the application.**
- 3. The number of bedrooms (which will be checked against our property records) will be required to be included on the application.**
