Community Center Rentals Month of October 2026

10/8	League of Women's Voters Candidate Forum

Events:

On October 5th, we partnered with the Food Bank of Delaware to host our 2nd Annual Mobile Food Pantry. We were able to assist 90 individuals in need of food throughout our community. Debbie Sosnoski once again took the lead in organizing this successful event, helping make a difference in the lives of so many local residents.

Our first-ever Line Dance Social was a huge success! We had a wonderful turnout with R and R Line Dancing bringing together Millville residents and non-residents alike. From beginners to experienced dancers everyone enjoyed a fun evening of music, dancing, and great company.

CustomFit360 hosted a four-week outdoor Athletic Conditioning Pickleball Series designed to help participants improve their performance on the court. The series focused on building agility, speed, power and strength to enhance overall fitness and pickleball skills.

Early voting for the General Election began on October 22nd with record numbers of voters coming out to the Community Center. We received many positive comments from voters who appreciated how quickly and easily they were able to cast their ballots, as well as the convenient location of our facility.

The Trail of Treats had its largest attendance yet! Beautiful weather brought out all the little ghouls and goblins for an afternoon of Halloween fun. A great time was had by all! It is wonderful to see so many local businesses come together to support this event and create a special experience for the children in our community.

Upcoming Events:

Beginner Line Dance Boot Camp: Rhonda with R & R Line Dancing is returning to offer a six-week “Absolute Beginner Line Dance Boot Camp”, giving participants the opportunity to learn the basic steps and build confidence on the dance floor.

Holiday Marketplace: On November 14th, we will host our annual Holiday Marketplace inside the Community Center, featuring 15 vendors, The Girl Scout Cookie Walk, and a food truck.

Park Maintenance & Operations:

Routine maintenance continued including mowing, trash removal, equipment inspections and weeding. Eric and James assisted with park duties while Ray was on vacation. Ray and Eric removed the 250th Anniversary banners in preparation for the upcoming Christmas decorations.

Projects & Improvements:

Camera Installation: New security cameras were installed at Evans Park and the Community Center by Josh Willey of Coastal Technology Group to provide expanded security coverage. A television monitor was also installed in the office allowing staff to view 27 different camera angles in real time, covering both the interior and exterior of the facilities.
