Dear Mrs. Scerra,

We have completed our review of the West Village C-2 MBTS Final Site Plan, for the 118-unit townhome village in Millville by the Sea. The site is located on Tax Map Parcel 134-15.00-19.00 and zoned MPC. The submission was reviewed per Town of Millville Code Sections 125, MBTS Development Standards and generally accepted engineering principles. Specific comments were made regarding individual components of the submittal and are discussed below.

General

1. The proposed development is in line with the 2019 Comprehensive Plan future land use for the above referenced parcel.
2. The proposed West Village C-2 has planned two entrances from Starry Night Lane from Village C-1.
3. Per Town Code Section 125-37, Subsection B.; Owner's certification, acknowledging ownership of the property and agreeing to the subdivision thereof as shown on the plat, and signed by the owner or owners of record. In instances where the owner is a corporation, the corporate seal shall be shown. **The Owner's certification is not signed.**
4. Per Town Code Section 125-37, Subsection D.; Certification of the surveyor or engineer that the final plat, as shown, is a correct representation of the survey as made, that all monuments indicated there exist and are correctly shown, and that the plat complies with all requirements of this chapter and other applicable laws and requirements. This certificate shall be accomplished by the professional seal of the surveyor or engineer. **The Engineer's Statement is not signed.**
5. Per Town Code Section 125-37, Subsection E.; Certification of the wetland scientists that provided wetland identification or delineation on the site, as shown, is a correct representation of the study conducted. **The Wetlands Statement is not signed.**
