

Town Manager Monthly Report

To: Honorable Mayor and Council
From: Eileen Scerra, Town Manager
Subject: September 2026

❖ **Concerts in the Park**

We have wrapped up our Concert Series. The last two concerts had an excellent turnout. Based on attendance and weather considerations, for next year's series we plan to adjust our schedule to include May & September.

❖ **Roundabout Project**

Eric has been communicating with DelDOT regarding the upcoming roundabout project and associated traffic impacts on Rt 17, Peppers Corner Rd & Powell Farm Rd. Once the Town receives the detour map, we will post the information, so residents are aware of the anticipated traffic changes that can last up to 45 days.

❖ **Fire & Ice 2027**

Planning has begun with the Chamber of Commerce for the 10th anniversary of Fire & Ice. The tentative date for Millville is **Friday, January 29, 2027, from 3:00–8:00 PM**, with a **“Fun & Games”** theme. Planning and brainstorming are already underway. The Chamber will not have an alternate weekend available in the event of inclement weather, which will be an important consideration as planning continues.

❖ **ORPT Grant**

The Town's ORPT (Outdoor Recreation, Parks, and Trails) grant application has been submitted for the proposed cornhole, sidewalk, and gaming area at Evans Park waiting on possible approval.

❖ **Pole Barn**

Bids were opened for the proposed pole barn, with six bids received ranging from approximately \$637,765 to \$989,662. We will be sharing our recommendation with the Town Council for acceptance to move forward with this project.
